

Commercial Finance Director

£65,000 plus bonus • London

Chadwick House Group Ltd (CHGL) is the trading arm of the Chartered Institute of Environmental Health (CIEH), an influential membership charity campaigning on environmental health issues. A leading provider of training, qualifications and events, CHGL promotes environmental and public health within the UK and internationally and is a fast-growing business with turnover in excess of £10 million.

The perfect challenge now exists for a commercially focused and entrepreneurial individual to direct the company's financial strategy and business growth, and to ensure the sustainable wellbeing of the charity.

The role

- **Creating and implementing the financial strategy of the CIEH.**
- **Providing financial direction of all commercial activities for CHGL.**
- **Managing all elements of financial control, including MIS, business planning and risk management.**

The candidate

- **Experience of driving overall profitability and implementing change.**
- **Commercially-minded with strong interpersonal skills and the ability to build cross-functional relationships.**
- **Qualified accountant with senior management experience.**

Please respond in confidence, quoting reference FT/ASG/29 to our retained consultant, Alex Gavin, at Finance Professionals.
