

# Financial Controller

c.£80,000 plus benefits • London

**WorldSpreads is the FSA-regulated London flagship office of a Dublin-based international financial markets spread trading group. Founded in 2000, they offer a full range of prices on the world's equity, currency, interest rate and commodity markets. The company and its international partnerships are experiencing rapid growth in turnover, profit and client numbers, making this an exciting time to join their business.**

## The Role

**Reporting to the London CEO and the Group Finance Director, you will take ownership of the financial control and financial management required in a small business, working closely with the management, marketing and compliance teams. You will prepare regular management reports, daily performance measurement, budgeting, analyses, regulatory and statutory reporting and lead, develop and drive a high-performing small finance team.**

## The Candidate

**You will be an ambitious, degree-educated, qualified accountant with recent financial control experience in an FSA-regulated business. You should have a good understanding of the products in which WorldSpreads trade eg. CFDs, futures, options and foreign exchange. A confident, outgoing team player who is happy entertaining clients, you will also have a keen eye for detail.**
